Developing knowledge-based companies

IVEPE-SEV Training Institute

leading knowledge & skills

GENERAL INFO

Institute of Industrial and Business Education & Training (IVEPE) is a non-profit educational organization, founded in 1980 by a group of Greek industries. The main purpose of its foundation was the creation of a credible body that would be a reference point in providing quality training and lifelong learning to employees, unemployed, self-employed and people of vulnerable social groups in Greece and abroad, constantly aligned to the demands of the labor market. IVEPE is the educational branch of the Hellenic Federation of Enterprises (SEV) and operates under its institutional oversight with the distinctive title IVEPE-SEV.

40 YEARS OF EXPERIENCE

Since 1980 we implement innovative training programs in a broad range of subjects at our privately-owned facilities in Athens, Thessaloniki, Patra and Volos and also in-house on business premises. The direct link with all the productive sectors and our long term experience, allows IVEPE-SEV to be effective in National and European educational projects as well as CSR programs. We are linked with more than 800 enterprises in Greece and we collaborate with educational institutions, VET providers, Universities and experts from all over the world. Our specialized, well trained staff and high quality criteria, make IVEPE-SEV a reliable partner in major projects, where tight timetables and quality deliverables are of key importance.

QUALITY OF SERVICES

For the quality assurance of our services we have developed and implement a Certified Quality Management System that meets the requirements of the international standard ISO9001:2015, for planning and conducting vocational training programs, whereas at the same time we have a Certified Managerial Competence System (SDEP) according to the Hellenic Standard EL0T 1429:2008, for programming and managing co-funded projects. IVEPE-SEV is an accredited Persons Certification Body according to the requirements of the international standard ISO 17024 from the Hellenic Accreditation System (ESYD).

OUR COMMITMENT

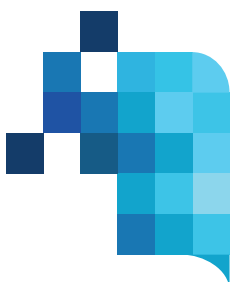

To reinforce people with updated knowledge and skills. We believe in partnerships, based on ethics, aiming at continuous improvement and quality results.

OUR POLICY

The in-depth research of our partners' educational needs and creation of appropriate custom-made training programs.

OUR VISION

To become a benchmark in vocational training & lifelong education of professionals in Greece and in the greater region of Southeastern Europe.

WORLD CLASS TRAINING

provided by industry experts

In cooperation with each company separately, we design and implement tailor-made educational programs that meet your specialized training needs. With these targeted programs, our clients ensure that their personnel is adequately trained, an element that is critical for the improvement of their competitiveness and the development of innovative action, effectiveness and extroversion. All our training courses can be adapted to each company, aiming at meeting real needs in the shortest time possible. Our portfolio spans from specific subjects of technical training to managerial courses and internationally approved methodologies and titles.

All our programs are flexible in terms of time and location of implementation and can be also funded through the LAEK (Account for Employment & Vocational Training) program of OAED (Greek Manpower Employment Organization).

Welding & NDT Training and Certification Services

IVEPE-SEV provides high quality training in welding and NDT, which lead to globally recognized certifications. Through specific examination procedures of international Certification Bodies and accredited procedures by the Hellenic Accreditation System (ESYD), we give the opportunity to our trainees to obtain Certificate of Competence for welding and NDT operations, according to European and International Standards. In our privately-owned premises and fully equipped certified technical labs, our trainees practice the knowledge and the techniques they have learned during theoretical training, for in depth understanding. We collaborate with Organizations of worldwide recognition, aiming to provide educational services of the highest level to the Greek workforce, so that they stand out in the international competitive environment. Our educational partners fulfill the highest quality criteria and have as principal characteristics the specialization in their field and their high reputation in the market.

SPECIALIZED WELDING TRAINING COURSES

- TIG Welding
- MIG Welding
- MAG Welding
- Oxyfuel Cutting
- Plasma Cutting
- Welding Inspectors
- Oxy-acetylene Welding
- Manual Metal Arc Welding (MMA)

INTERNATIONALLY RECOGNIZED PROFESSIONAL CERTIFICATIONS

EN-ISO 9606-1 (Steel)

EN-ISO 9606-2 (Aluminium)

TRAINING COURSES

Non Destructive Testing (NDT)

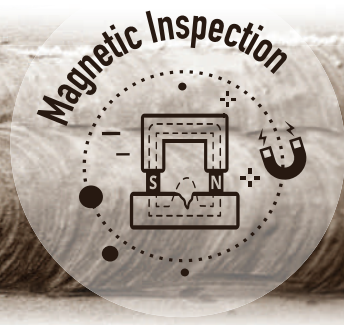

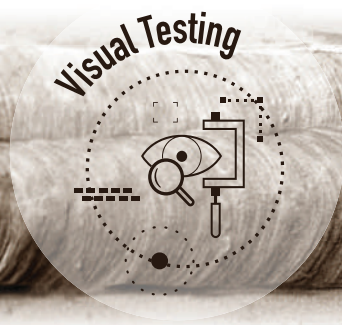

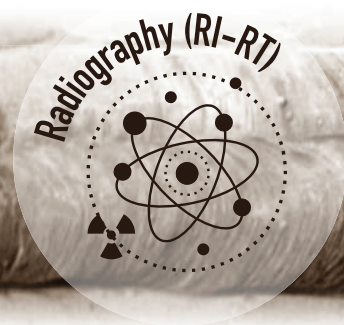

- Ultrasonic Testing-Thickness Measurement (UTM) ●
- Ultrasonic Testing-Castings (UT) ●
- Ultrasonic Testing-Welds (UT) ●
- Magnetic Particle Testing (MT) ●
- Liquid Penetrant Testing (PT) ●
- Radiographic Interpretation (RI) ●
- Radiographic Testing (RT) ●
- Visual Testing (VT) ●

Certification based on:
EN-ISO 9712, SNT-TC-1A, PCN (LEVEL II)

IVEPE-SEV's NDT LABS

are constantly updated and equipped to the latest industry requirements, ensuring a smooth and complete training experience.
